A Better Package

Allpack's Additional VNA

Allpack Strengthens Operational Efficiency

The successful installation of a further VNA

Allpack is pleased to announce the successful installation of more Jungheinrich Very Narrow Aisle (VNA) trucks. This investment is a strategic move that further enhances Allpack's operational efficiency, underscoring its commitment to excellence and solidifying their position as a leader in the packaging sector.

The additional resource is a testament to Allpack's unwavering dedication to optimizing and enhancing its warehouse operations. The state-of-the-art Very Narrow Aisle (VNA) trucks are known for their precision and versatility in navigating narrow aisles, making them an invaluable asset for Allpack's materials handling and storage requirements in a busy warehouse. By expanding its fleet of Jungheinrich VNA trucks by a further 50%, Allpack is set to further increase its fulfilment capacities, not only by reducing the risk of costly vehicle downtime but allowing the order and dispatch processes to be enhanced, through an increase in the speed of order picking and truck loading, increasing the overall operational productivity of the warehouse. The investment aligns with the company's ongoing commitment to providing its customers with top-quality products and services efficiently and effectively.

VNA supplied by Jungheinrich

Operational Director, Bob Clarke expressed enthusiasm for this recent addition, explaining, "Bringing in an additional Jungheinrich VNA truck into our operations is a testament to our commitment to delivering excellence in everything we do. This investment will enable us to meet the growing demands of our customers with enhanced precision and efficiency, ensuring our continued high levels of OTIF (On Time In Full) are not just maintained, but surpassed."

Allpack demonstrates commitment to local community by donating hampers

Allpack is proud to announce its recent initiative to support the local community by donating hampers to several local charities. This endeavour is a testament to Allpack’s dedication to making a positive impact beyond its business operations and underscores the company’s commitment to social responsibility.

The small donation of hampers is part of Allpack’s ongoing efforts to give back to the community and support those in need, particularly during challenging times. The hampers, carefully curated with a variety of essential items and festive treats, aimed to bring joy and comfort to individuals during the festive period.

Andrew Almond, Marketing Manager at Allpack, expressed enthusiasm about the opportunity to be able to contribute to the well-being of the local community. “At Allpack, we believe in the importance of being a responsible corporate citizen and actively engaging with the communities we serve. Our collaboration with a range of local charities allows us to make a meaningful impact and provide support to those who may be facing difficulties.”

During the festive period over 50 hampers were donated to local charities in and around Cannock and Stafford, to help much-needed local communities have a better Christmas.

Awards

E2 Media Innovation within Sustainability Award 2023

At E2 Media, we are delighted to give Allpack an E2 Business Award for ‘Innovation within Sustainability Award for 2023’. This recognition underscores their unwavering commitment to pioneering sustainable solutions in the packaging industry. Through tireless dedication and innovative thinking, they have harnessed cutting-edge technologies and eco-friendly practices to reduce our environmental footprint while delivering exceptional value to their clients. This accolade serves as a testament to their team’s relentless pursuit of sustainability and their vision to inspire positive change in the industry.

Allpack has created a niche for itself in the packaging industry by embracing sustainability and corporate responsibility. Their wide range of packaging solutions, commitment to eco-friendly practices makes them a shining example of responsible business in the modern world. As sustainability continues to gain prominence, Allpack’s mission to provide eco-conscious packaging solutions positions them as a leader in a greener, more responsible future.

Innovation Within Sustainability Award

Certification

SafeSupplier Status

Allpack is proud to announce its recent achievement of being awarded verification from Alcumus SafeSupplier for demonstrating its ethical, environmental and financial credentials, to help clients assess compliance within their supply chain. SafeSupplier offers a robust, streamlined, consistent and effective supplier on-boarding and management solution, that demonstrates supplier compliance to regulatory requirements, international standards and industry best practices in the supply chain.

The application for SafeSupplier verification was driven by the desire to demonstrate the highest standards in health and safety, quality, ethical best practices and responsible growth.

Allpack attain SafeSupplier Status

Allpack’s Managing Director, George Clarke, explained how Allpack will benefit from obtaining this industry-recognised certification, “Our recently obtained SafeSupplier accreditation will provide all clients the peace of mind and trust that Allpack complies to all regulatory requirements, international standards and champions industry best practices across its entire supply chain.”

New Product Update

Allpack Launches Dunnage Bags

Sustainability At Its Core

Contain-A-Pac is Allpack’s new brand of Dunnage Bags designed to revolutionise the shipping and logistics industry, which was launched in Q4 last year, to enhance its cargo protection product range.

Dunnage Bags, an essential component in securing cargo during transportation, play a crucial role in preventing damage and ensuring the safe delivery of goods. The Contain-A-Pac brand by Allpack sets a new standard in quality, reliability, and performance, offering a comprehensive solution for businesses across diverse industries.

The key features and benefits of Dunnage Bags:

1. Advanced Material Technology
2. Versatile Range
3. Efficient Inflation System
4. Environmentally Friendly, 100% recyclable

The introduction of Contain-A-Pac underscores Allpack’s ongoing commitment to excellence and innovation in the packaging industry.

Allpack Staff Team

Events & News

Team Achievements

In the fast-paced world of business, it's often easy to overlook the heartbeat of any successful organisation, the dedicated individuals who work tirelessly to drive innovation, deliver exceptional service, and ensure the company's growth. At Allpack, we firmly believe that our staff are our most valuable asset. Therefore, we make it a priority to recognise and celebrate their achievements as they share and amplify our core values on a daily basis. During the month of December Allpack staff were treated to a wintery BBQ, provided by the Directors for the hard work of the team throughout the month of November.

Over the previous quarter, Allpack recognised the achievements of the following staff members; October - Katie Langridge, November - Dan Armitage, December - Jonathan Craddock and Russ Stonall.
